

Age ratings

Age ratings are very important. They help keep you safe when you play games online. If you go over the age rating then you could find some disturbing things.

Game ratings and what they mean.

If it has the number 3 then it means anyone can play if they are older than 3 . If it has a number 7 then that means that if you are 7 or older you can play it. If it has the number 12 you could play it if you're older than 12 because it might have bad language , discrimination, fear and violence. If it is a 16 then it will probably include bad language, fear, discrimination, violence, gambling or drugs. If it has the number 18 then it's 99% that it's going to include bad language, fear, discrimination, violence, gambling or drugs. It might also include sex references.

DON'T PLAY GAMES OVER YOUR AGE!!!!

Consequences of playing overaged games.

If you play an overage game and see something disturbing then you might not be able to sleep or eat due to being scared.

Parents: if you let your kids play overaged games they could pick up some bad language they weren't supposed to learn or see something inappropriate.

**SO DON'T PLAY
OVERAGED GAMES**
